The Keystone Wounded Warriors is 501(c)(3) non-profit corporation.

That seeks to honor the daily sacrifices made by the brave men and women in all branches of the United States Military.

But specifically service connected wounds or injuries, on or after September 11, 2001.

KW aids these men and women by raising awareness and seeking the public's support for programs and services that assist Wounded Warriors.

Funds donated to KW are used to support local post-9/11 veterans and their families located in or with ties to Pennsylvania.
