

HOGANS SOCIAL CLUB

Dear Business Owner and friend,

The Hogans Social Club has a special low-cost opportunity for your company to support a worthwhile organization.

On Saturday May 5, 2018, we will be having a golf tournament at Shepherd Hills Golf Course to benefit the **Keystone Warriors**. All proceeds will benefit this program.

The Mission of the Keystone Warriors is **“To help restore wounded warriors to good physical, mental and emotional health.”**

We are asking for your support in the form of a hole sponsorship, or a donation to be used as a prize for those who are playing in the tournament. The event can only be a success with the help of the community. Whether they are recovering from their wounds at a military hospital, a Veterans Administration medical facility or with their family in the commonwealth, the Keystone Warriors programs offer them support. The Keystone Warriors Program does not have a paid staff and they have never used paid telemarketers, direct mail consultants or fundraising consultants. That is why your support is so significant.

We understand that many non-profit organizations seek your donations; accordingly, we have attempted to keep our sponsorship costs as low as possible. Hole sponsorships are only \$50.00. If you are unable to sponsor a hole, would you please consider providing a prize for the participants in the form of a gift card or any item you may see appropriate.

This event for the Keystone Warriors can only be a success with the help of generous sponsors. To have your donation or hole sponsorship picked up, contact someone below.

Thank you for your support

Keystone Warriors Golf Committee.
